

Ever wonder what the pest repellents that burn your eyes and keep you sneezing are doing to your animals?

Choose Promix - FlyAway Spray for a '100% natural' pest repellent that actually works, smells great, improves the skin and coat and is totally affordable to boot.

Ask your agent for our low cost tester.

PROMIX - FlyAway Spray
A "100% Natural" full spectrum pest repellent using only the purest essential oils
Formulated by Dr Karen Bohme BVSc Hons

Contains:

- **Eucalyptus:** The National Institute of Health published the 2004 Swedish 'Journal of Medical Entomology' which provides proof that Eucalyptus vastly reduces Tick bites & combats infections. It is also effective in repelling flies, mosquitoes and midges.
- **Bergamot:** Bergamot is an excellent insect repellent and has been used successfully for centuries as a skin conditioner and for stress relief. The 1982 published journal 'Traditional Chinese Medicine' conducted trials proving that Bergamot repelled up to 70% more mosquitoes than the average household repellent.
- **Cape Snowbush:** A natural and pleasant smelling Mosquito and Fly repellent and antiseptic, being successfully used since 1966.

Directions:

- Spray the animal all over, avoiding the eyes and mouth, twice daily.
- Not recommended for cats and pregnant animals.

Summary:

FlyAway Spray has been specially formulated to be a safe but highly effective natural insect repellent, that not only smells pleasant but contributes to healthy skin and coat.
